

Forecast For East Midlands
Issued by Met Office Exeter
at 1600 on Tuesday 23 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Wednesday, cloudy start, some afternoon brightness, rain moving south later.

This Evening and Tonight:

Cloud generally increasing through the evening and overnight with the odd spot of rain possible. Any clear periods towards the southeast this evening, could allow some fog patches to form for a time. Minimum temperature 2 deg C (36 deg F).

Wednesday:

Cloudy start with some patchy light rain, however some brighter spells likely for a time in the afternoon. A further band of cloud and rain moves south through the evening. Maximum temperature 8 deg C (46 deg F).

Outlook for Thursday to Saturday:

Thursday colder with blustery coastal showers. Into Friday conditions turning very unsettled with rain, then showers and strong winds. These conditions continue into Saturday, with some hill snow possible.
